MEXICAN WAR VETERANS:

Reno, May 25, 1875.

Major E. A. Sherman, Esq., DEAR SIR:- By authority of a meeting of "Mexican Veterans," held this day at the office of Judge Haydon, I extend to you an invitation to repeat your lecture on the Mexican Campaign of 1846-8 in Reno, on the evening of Saturday, the 5th of June next. Awaiting your answer,

EPISCOPAL CHURCH.

Ground was broken last Monday

for the Episcopal Church on the lot

owned by the Society, on the corner

of Second and Sierra streets, and the

laying of the foundation has been

begun. The church will be built in

a combination of early English and Norman gothic styles. The size of

the building will be 32x70 feet, the

walls will rise 18 feet above the

ground, and the roof will have %

pitch, with a projection of 3 feet for

the cornice. On the northeast cor-

ner of the structure will be a square

tower nearly 60 feet in height, and

surmounted by four small pinnacles.

On the apex of the roof, on a

line with the front wall will be a

ceiling being put on in sections di-

agonally so as to point up midway

between the windows, and shellaced

and varnished. The chancel will be Sx16 in the form of an alcove, lathed and plastered. There will be two rooms on each side of the chancel 8x16; one for a pastor's study and the other for an infant class room. The bailding will be arranged for the present to seat about 125 persons

comfortably; it is capable, however, of being made to seat nearly 200 persons with very little alteration. Its cost, when completed, it is estimated will be somewhere near \$6,000. Of this amount \$1,800 has been subscribed among the people so far, while the pastor has some two or three hundred more on hand. J. S. Sturgeon, who is also the architect, has the contract for the work of putting up and enclosing the buildingthe Building Committee will furnish the material, the selection of which

has been placed in the hands of Mr.

Winter.

C. H. Eastman, who has already gone to make the purchase. How soon the building will be completed monone is able to say. It is the purpose of the Building Committee to pay as they go, so that the building

will approach completion as rapidly as the money comes to hand to pay for the work. It is to be hoped, however, that the congregation will be able to occupy it this coming

S. N. Davidson has just added to his previously large stock, a splendid assortment of quartz jewelry, such as watch chains, seals, pins, enff buttons, studs, ear-rings, etc. Also a new invoice of gold and silver watches, and a great variety of jewelry of unique and elegant styles. Everything in the hardware line

that can be found at any establish-

Manning & Duck's. Connected with the store is a workshop, where all kinds of copper, tin and iron work are made and repaired by experienced workmen at reasonable prices. C. A. Simmons has just received a small sample invoice of the celebrated Alden preserved fruits. These fruits are put up by a new process, and are said to be far superior to the

ordinary canned fruits, and equal to

fresh fruit for cooking or pastry pur-

poses. Their cost is less than the canned fruits, and they require less sugar and preparing for the table. Jacob Prescott means business when he says that he has reduced the prices on his goods. He has an immense stock, and as he needs money more than he does goods, he is prepared to offer the ladies of Reno and vicinity the greatest bargains in dry goods and fancy goods ever seen in Reno. NEIDED.-The necessity for more houses is apparent from the fact that none can be had. Why don't some of the moneyed men of Reno put up some buildings suitable for families. It should be done, either by individuals, or by the formation of a Building Association. If we want people to stop here we must be prepared to offer them accommodations.

VETERANS .- The correspondence in another place explains itself. The proceeds of the lecture will be applied to the purchase of a banner for the Veterans for the Centennial.
